

Epson Solutions for Financial Institutions

“Two-thirds of the top U.S. financial institutions rely on Epson.”

Epson offers proven solutions that work for you.

For over 30 years, Epson's advanced technology solutions have been at work in millions of point-of-service systems around the world. Solutions that increase productivity, improve customer

satisfaction and reduce costs. And today, Epson's unequalled reputation for innovation, quality, reliability and value make Epson the brand that financial institutions rely on.

From receipt printing and validation to RDC applications, we've leveraged our expertise in printing and imaging to deliver the value-added solutions you need. Today, Epson's innovative technology is being used by two-thirds of the nation's top financial institutions.

No one offers more printing options.

Our family of teller printers has everything you need to print receipts, checks, forms, slips and validations, plus the industry's highest MICR accuracy and best-in-class reliability.

TM-H6000III with Validation | Ultimate Multifunction Printer

The TM-H6000III offers high-speed receipt printing, drop-in validation, 99.9% MICR accuracy, superior slip handling and the highest reliability in its class.

- Industry-leading MICR with 99.9% accuracy
- Fast 63 lps one- and two-color thermal printing
- Superior slip handling with built-in forms stopper
- Ease-of-use features including drop-in paper loading
- Compact design with highest reliability in its class

TM-T88IV | Thermal Receipt Printer

The TM-T88IV features high speed one- and two-color receipt printing, multiple ease-of-use features and industry-leading reliability.

- High-speed thermal printing of up to 7.9"/sec.
- Two-color printing of receipts including logos
- High reliability with MCBF of 52 million lines
- Multiple ease-of-use features
- Wide range of Connect-It™ interfaces

TM-U675 | Compact Multifunction Printer

Ideal for teller stations, the highly-reliable, compact TM-U675 prints slips and receipts, validates and is easy to use and maintain.

- High-speed MICR reading and check printing
- Highest reliability rating in its class
- Easy drop-in paper loading and one-touch removal
- Wider throat for smooth, drop-in validation
- Superior slip handling for ease of use

TM-U375 | Multifunction Printer with Validation

The TM-U375 offers receipt, validation and slip printing all in one space-saving, easy-to-use multifunction printer.

- Optimized features and small footprint
- High speed printing of receipts plus 1 copy
- Handles 16 lines of validation printing
- Offers 58 lines of slip printing plus 2 copies
- Supported by all major teller software

TM-U325 | Single-station Impact Printer with Validation

The cost-effective TM-U325 printer offers highly-reliable validation and receipt printing in a small space-saving footprint.

- Receipt and validation printing in a compact footprint
- Quiet, 6.4 lps receipt printing speed
- Handles up to 9 lines of validation
- User-friendly features including drop-in paper loading
- High reliability with MCBF of 49 million lines

TM-U295 | World's Smallest Slip Printer

The TM-U295 slip printer offers multiple print sizes, an easy-to-operate touch panel and an automatic paper eject function.

- Ultra-small footprint
- Easy-to-use touch panel and automatic paper ejection
- Four print sizes, four printing directions
- "Page mode" allows printing anywhere on document
- Features Auto Status Feedback alerts

Mobilink™ | Wireless Mobile Receipt Printer

Epson's compact Mobilink wireless mobile printer is designed to meet your needs for high-speed, mobile, thermal receipt printing.

- High-speed mobile thermal receipt printing
- Industry-leading battery life of up to 20 hours
- Supports 802.11b and Bluetooth® wireless protocols
- WPA2 security and advanced EAP-TLS authentication
- Print width up to 54mm accommodates more text

TM-J7000 | Multifunction Inkjet Printer

The TM-J7000 features crisp and quiet receipt, slip, form and validation printing, check printing and endorsement and more.

- Crisp 2-color inkjet printing and low power consumption
- Receipt, slip, check and validation printing
- SmartPass™ MICR reading with one-pass check printing
- High resolution logos and graphics
- MCBF of 50 million lines

Count on Epson scanners for the reliability you need.

From teller capture to desktop scanners for branch and RDC¹ applications to our family of low-cost check scanning solutions for small business, no one can match Epson's quality, reliability and performance. And Epson's fast, dependable page scanners are ideal for lockbox applications.

TM-J9000 | Scanner with Integrated Printer

The TM-J9000 offers all the benefits of teller capture, a high-speed receipt and form printer and drop-in validation in one small footprint.

- Teller check scanner with integrated printer
- TransScan™ 2-sided digital check imaging
- One- or two-color, crisp, quiet inkjet printing
- Drop-in validation
- Highest MICR accuracy in its class

CaptureOne™ | Advanced Desktop Check Scanner

Epson's CaptureOne features the highest MICR accuracy available today and is ideal for branch back counter and RDC applications.

- Highest MICR accuracy in its class
- High-quality image scanner
- 30, 60, 90 DPM units with two-pocket support
- Electronic endorsement, built-in franker and more
- 100-check document feeder
- Industry-leading two year warranty

The CaptureOne Single-Feed scanner allows small businesses to take advantage of all the benefits of RDC using a cost-effective, reliable check scanner.

- Ideal RDC solution for small business customers
- Highest MICR accuracy in its class
- Flexible one- or two-pocket support
- High-quality image scanner
- Electronic endorsement, built-in franker
- Industry-leading two year warranty

¹ Remote Deposit Capture
² Small to Medium Businesses

Perfection® V30 | Scanner with Check Imaging for SMB

Epson's Perfection V30 flatbed scanner allows small businesses to scan and copy documents and photos as well as image checks for RDC in one low-cost device.

- Scan, copy, email and image checks in a single device
- Easy-to-use SureCapture™ software scans and formats checks to meet RDC requirements
- ReadyScan™ LED provides fast scans with no warmup time
- Optical MICR read capabilities

WorkForce® 310 | All-in-One with Check Imaging for SMB

The WorkForce 310 is the only All-in-One available that offers easy-to-use SureCapture check imaging for RDC applications.

- Scan, print, copy, fax and image checks in single device
- Easy-to-use SureCapture software scans and formats checks to meet RDC requirements
- Copy, scan or fax documents with 30-page ADF
- Optical MICR read capabilities

WorkForce Pro GT-S80 | Page Scanner

The GT-S80 page scanner is ideal for commercial lockbox and page scanning applications and features high-speed, advanced scanning technology and more.

- Ideal for commercial lockbox applications
- Scan speeds up to 40 ppm/80 ipm; duplex in one pass
- Up to 1800 sheets-per-day cycle
- Automatic document feeder with 75-sheet capacity
- Optical MICR read capabilities

Now Available. RDC for Small Business.

SMBs can get the advantages of RDC with Epson's SureCapture software. Used with a Perfection V30 or a WorkForce 310, the software automatically images, crops, aligns and matches both sides of a check and sends the data to the RDC provider in their required format.

Epson's best-selling serial impact printers get the job done.

Epson serial impact printers are designed for the real-world demands of high-volume back office applications. Our 9-pin printers deliver exceptional speed and reliability together with the best combination of features in their class. All of which adds up to increased productivity and lower cost of ownership.

FX-890 | 9-Pin, 80 Column Serial Impact Printer

The 9-pin, 80 column FX-890 is the fastest in its class and offers the speed and durability required for high-volume printing of multi-part forms and more.

- Fastest, most reliable printer in its class
- Four paper paths for superior paper handling
- Prints single sheets and up to 7-part forms
- Three-year warranty including print head
- Easy system integration

FX-2190 | 9-Pin, 132 Column Serial Impact Printer

Packed with speed, features and unmatched reliability, the rugged 9-pin, 132 column FX-2190 is a workhorse for back office printing applications.

- Fastest printer in its class
- Prints single sheets and up to 7-part forms
- Wide range of connectivity options
- Advanced paper handling capabilities
- Three-year warranty including print head

DFX-9000 | 9-Pin, 136 Column Serial Impact Printer

The DFX-9000 is a high-speed, high-volume 9-pin, 136 column serial impact printer for back office printing needs including spreadsheets, reports and more.

- Durable 9-pin printer with an MTBF of 20,000 hours
- 40% faster than any other printer in its class
- Two standard paper paths for dual paper sources
- Prints wide-format reports and up to 10-part forms
- Supports standard Parallel, Serial and USB interfaces

Epson's Connect-It™ family of interfaces.

With Epson's wide range of Connect-It interfaces you can get all the advantages of Epson's speed, performance and advanced printer features on today's best-of-breed and component-based systems. Epson can also customize interfaces and microcode to meet your specific needs.

Serial RS-232 Interface

Epson's Serial Connect-It interfaces offer a wide variety of options for serial connectivity including a large buffer module and an annunciator module.

Parallel Interface

This module uses a standard Centronics 36-pin connector to connect to the parallel port on the host system. This interface is IEEE-1284 compliant.

USB Interface

When increased port capacity and speed count, depend on Epson's USB Connect-It module for an outstanding yet simple solution.

Ethernet Interface

Epson's Ethernet interface provides a cost-effective solution for establishing communications between host systems and Epson POS printers.

802.11b Wireless Interface

Epson's Connect-It 802.11b wireless interface enables convenient, remote printing at distances up to 300 feet via wireless LAN communication.

Industry-leading service programs from Epson.

When you choose Epson, you get the world-class service you'd expect from a leader in financial solutions. Our comprehensive selection of service programs includes a complete range of flexible, cost-effective service options, backed by Epson's large network of authorized service providers.
