# simply deposit<sup>®</sup>

*Your Remote Deposit Solution*

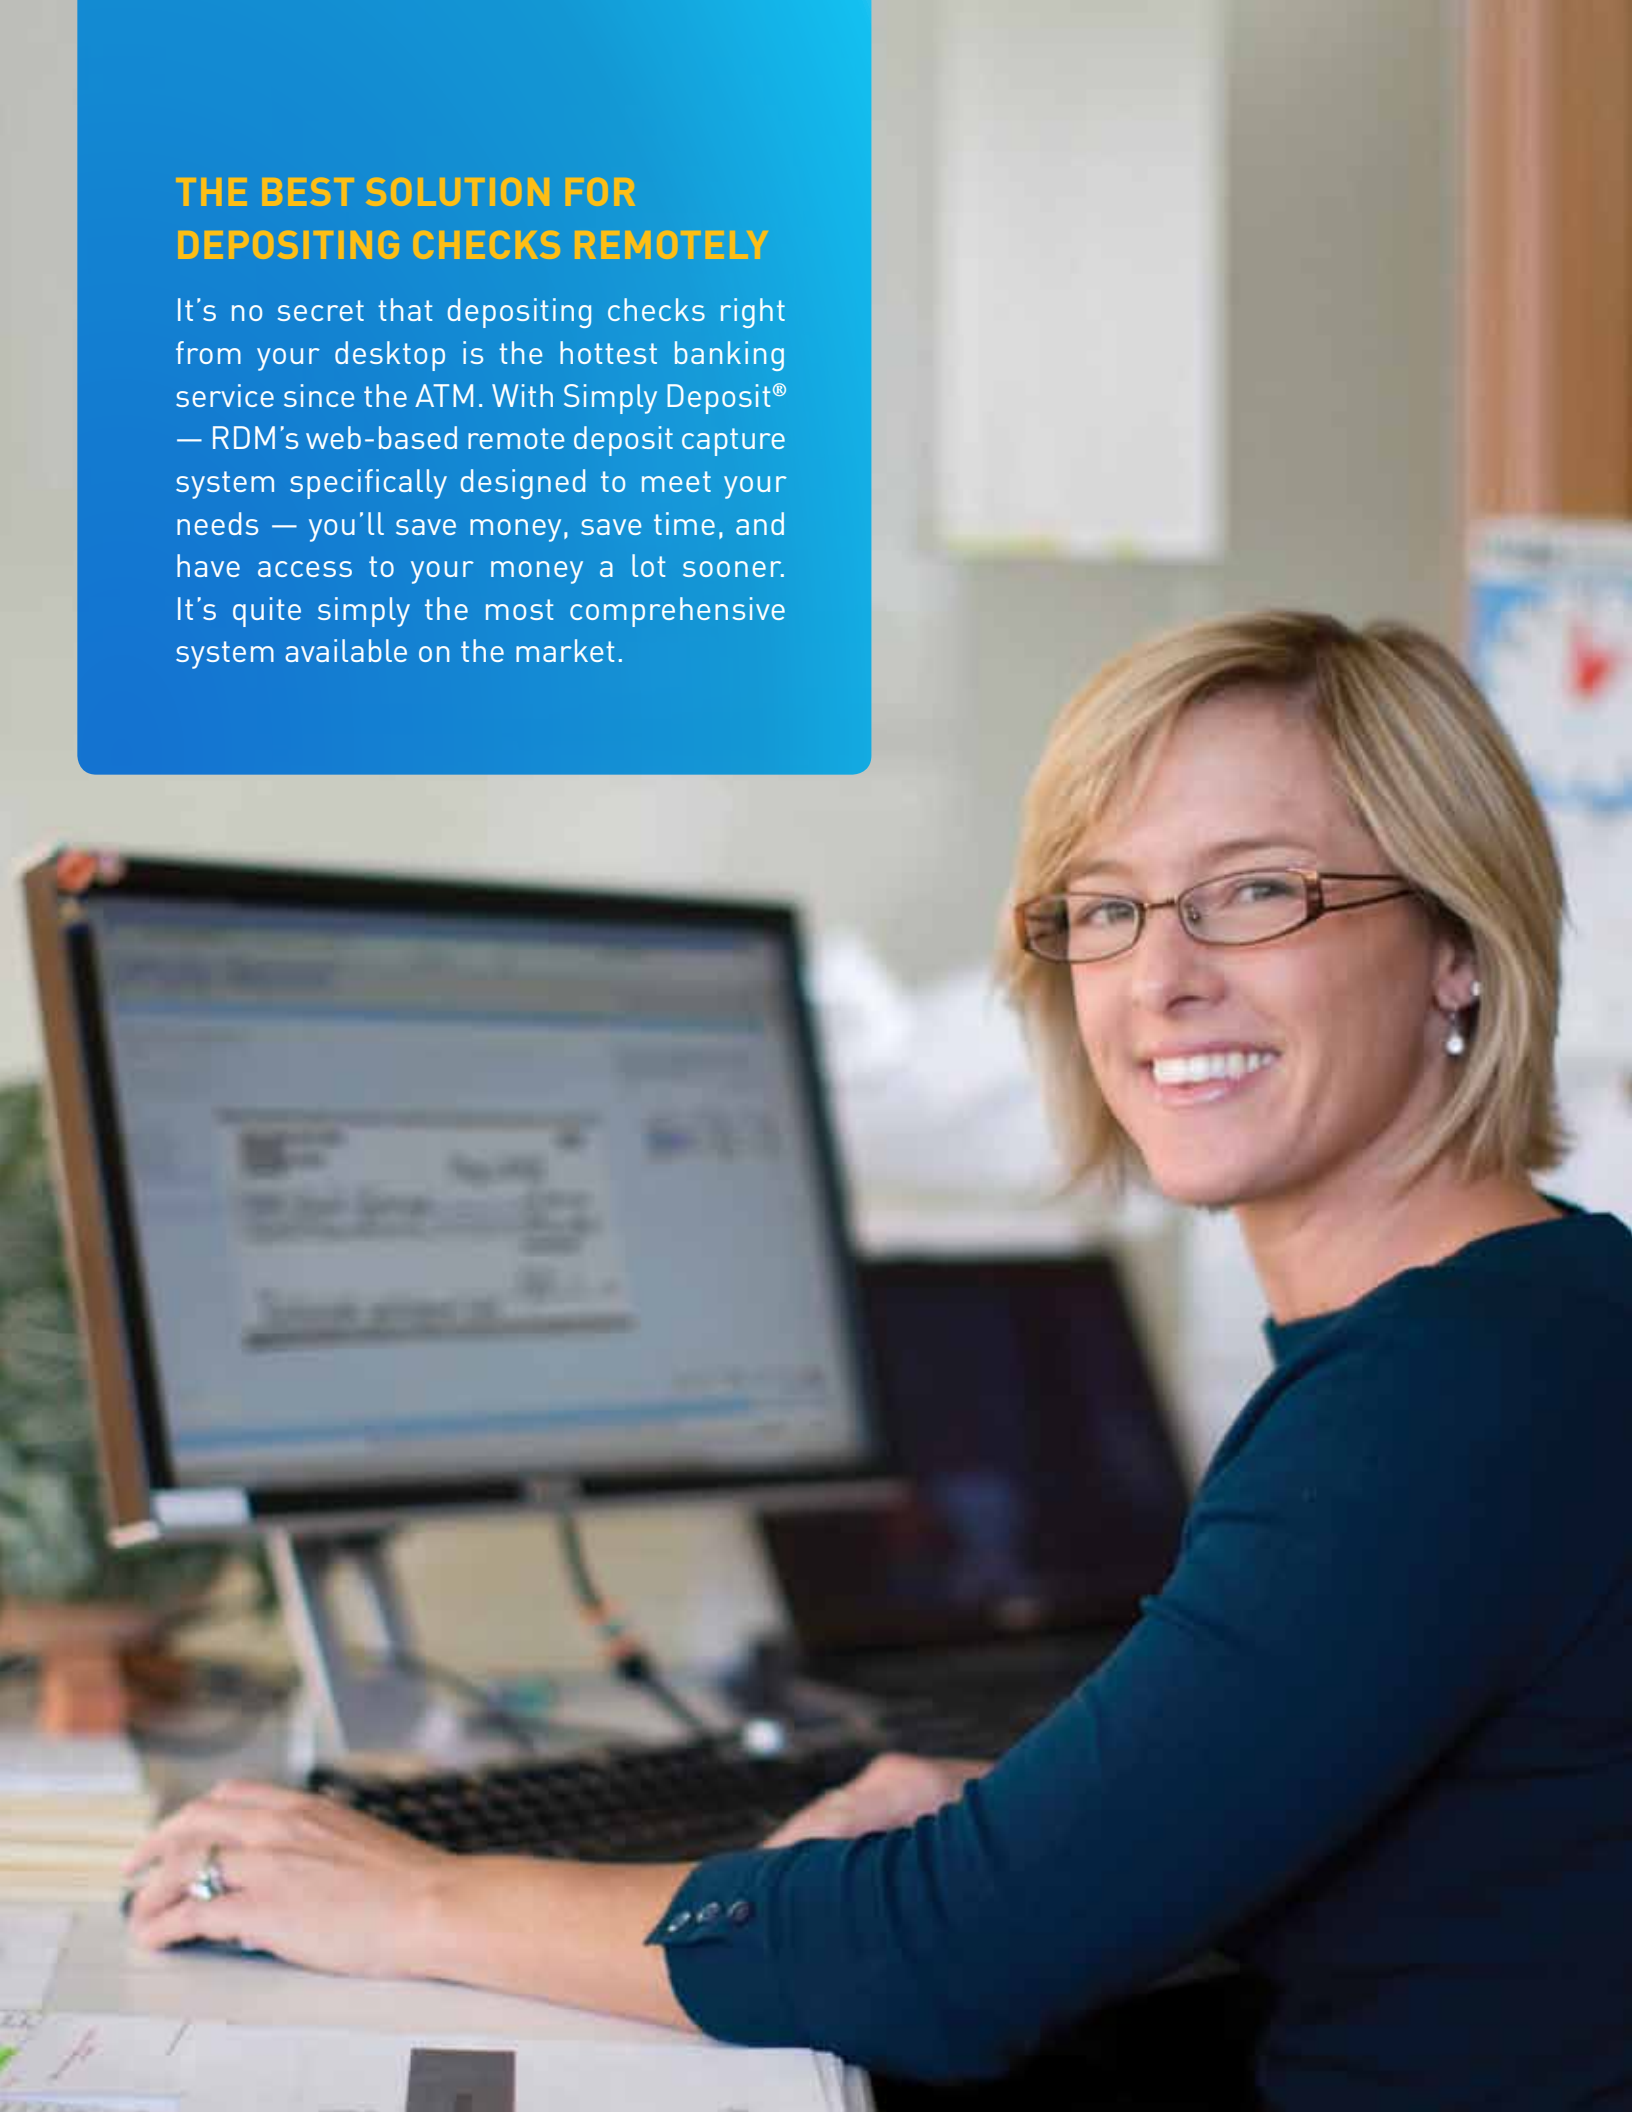

Brought to you by

The simplest, fastest way to deposit checks.

## THE BEST SOLUTION FOR DEPOSITING CHECKS REMOTELY

It's no secret that depositing checks right from your desktop is the hottest banking service since the ATM. With Simply Deposit® — RDM's web-based remote deposit capture system specifically designed to meet your needs — you'll save money, save time, and have access to your money a lot sooner. It's quite simply the most comprehensive system available on the market.

# SIMPLY POWERFUL.

## CONVENIENT

Enjoy faster availability of your funds, later deposit cutoff times, and eliminate trips to the bank.

## MONEY-SAVING

Less time spent + less travel = more money

## EASY TO USE

Little or no training is needed to use the intuitive Simply Deposit® web software and seamlessly integrated scanner. In fact, deposits can be made in less than five minutes.

## EFFICIENT

Get detailed reports, track deposit history, access images of checks. In short, get all the information you wish you got from your local bank.

## OTHER FEATURES OF SIMPLY DEPOSIT

- ✓ Ability to add data to each scanned check
- ✓ Automatically fills in the dollar amount , reducing keystrokes and data entry errors
- ✓ Alerts you if a duplicate check is scanned, check image quality is below standard, or MICR needs correction
- ✓ Ability to scan items using a standard flatbed scanner
- ✓ Strategically re-deposit NSF checks at any time by simply clicking a button
- ✓ Enhanced security features adhering to FFIEC guidance

# SIMPLY INNOVATIVE.

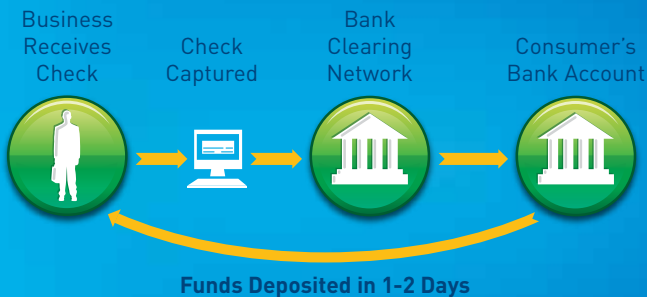

## THE TRADITIONAL WAY

Clearing a check can take **5-7 days** by traditional means.

## THE SIMPLY DEPOSIT® WAY

Clears funds in **1-2 days**, electronically.

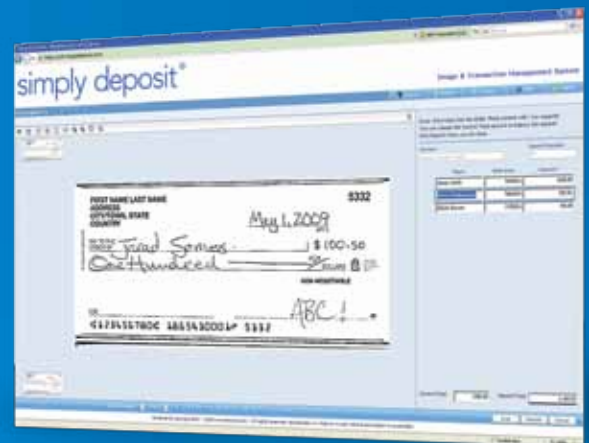

## CHOOSE A TRUSTED PROVIDER

A leader in Remote Deposit Capture solutions, RDM — a publicly-owned company — has been established for over 20 years and provides products and services to the US Treasury Department as well as top financial institutions in the US.
