Internet Enabled Payment Solutions

Easy Internet-Enabled Check Processing

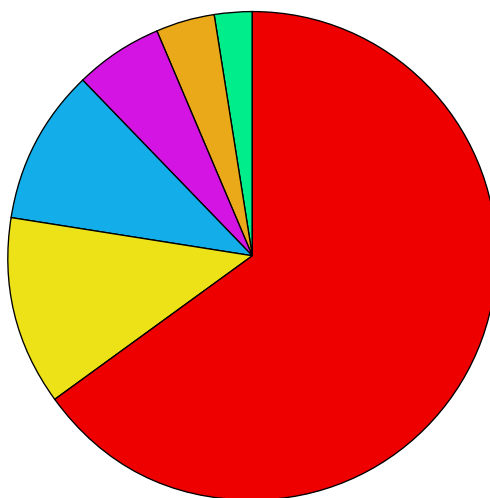

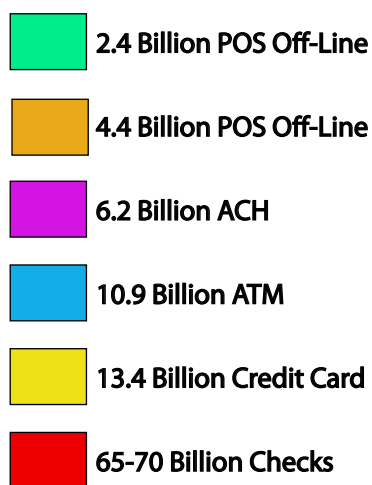

Online or Over the Phone!

Electronic check processing fees are typically lower than those of credit cards or PayPal, so you can keep more of your money. iCheckGateway.com provides merchants with the tools to accept and process payments from consumer and corporate bank accounts directly from their online store or through the iCheckGateway.com Terminal. This capability provides consumers with an expanded range of payment options enabling merchants to broaden their target audience and thereby increase online sales volume.
