

The Industry's Leading Resource for RDC Scanner Information

As the leading information, products and services portal in the Remote Deposit Capture and Payments industry, RemoteDepositCapture.com strives to provide site visitors with the tools needed to make informed business decisions. One of the critical components of any RDC solution is the hardware, specifically check and document scanners.

The [Scanner Matrix](#) is a comprehensive list that details the features and functionality of industry leading scanners on the market today. It is constantly updated as we work directly with scanner manufacturers to ensure information is current and accurate. The Scanner Matrix is conveniently located on our homepage. It is available free of charge and in an easy to access Excel spreadsheet. This format allows visitors to sort and filter the data as needed.

The Scanner Matrix includes an array of in depth information including:

- Approximate List Price
- Document Feeder Capacity
- Rated Document Per Minute
- Solution Compatibility
- Endorsement Capability
- Number of Pockets
- Number of Cameras
- MICR Reader Capability
- IQA/IUA Functionality
- Image Security Features
- Supported APIs
- Document Size minimum/maximum
- Scanner Dimensions
- Extra Features

Thousands of site visitors use the Scanner Matrix to compare hardware. The Scanner Matrix has been downloaded over 1,900 times in the past year. In addition, the Scanner Matrix is provided to all RDC Marketplace users who are actively looking for an RDC Solution.

The Scanner Matrix also provides visitors with links to vendor contact information and product brochures.
